THE DEMOCRATIC CONVENTION

The great Democratic convention completed its work and adjourned yesterday. Jas. M. Cox, several times governor of Ohio, was selected as the candidate of the party for President. He is a tried Democrat, a man of splendid qualities and a victorious leader. He is said to be a man who will carry out the Wilson policies.

His running mate was chosen by acclamation—Franklin D. Roosevelt, of New York. He is now assistant secretary of the navy. A good campaigner and a convincing speaker.

Democrats everywhere are congratulating the convention on its splendid achievements. With Cox and Roosevelt and the splendid record of Democracy for more than six years, great enthusiasm will be aroused in the campaign. The convention could not have done better. Again we congratulate you, gentlemen. Your platform is Democratic and your candidates are true and tried apostles of Jefferson and Jackson.

Thomas Jefferson said: "There is a debt of service due from every man to his country, proportional to the bounties which Nature and Fortune have measured to him". The big drives have passed into history, but the nation's battles for reconstruction and readjustment are only beginning. The men that made the big drives at St. Mihiel and Soissone, in the Argonne and along the Aisne and Meuse must help fight the battles now facing the country. There must be united effort—effort such as can be put forth only by all ex-service men united in a common movement, a movement like the American Legion Do your part by joining the Legion at once. Do not delay, but send in today your application, giving your name and address, civil occupation and military organization to which you were connected, and the post you would like to join, to the Virginia Department, The American Legion, 1030 Mutual Building, Richmond, Va.

Buckingham

A show was here last Friday night and some of the features were really good; it was circus and menagerie combined, in a small way. The animals interested the children and the acting the grown ups, the jokes gotten off on some of the local beaux were entirely too personal, but all was taken in good part.

Just as the wheat threshing begins, the fact developed that many people had old flour on hand for sale, the local market was glutted and prices ranged lower than the general market.

Mrs. White, mother of Miss Fannie White, was quite ill on last Saturday and called in Dr. P. E. Tucker.

Laborers want to charge $5 a day for helping to thresh wheat, but farmers are keen enough to help each other and save this heavy extra expense

Rev. George Henderlite preached a sermon of great force at the home of Mr. and Mrs. J. H. Robertson on last Sunday evening. The sermon was delivered out under the shade of a spreading oak tree, the congregation ranged around seated in automobiles that were ranged in a row in front of the speaker and he held his audience spellbound for one half an hour or more while he drew word pictures of the life of man as it could be and should be; the congregation was made up of refined, intelligent people who could and did appreciate what they heard and the social feature of the afternoon gathering was also enjoyable to a high degree.

Rev. Mr. Stimson preached at Trinity church on Sunday morning, taking for his theme the 23rd Psalm, analyzing it, showing how it could be and has been applied to the daily lives of people that have lived through the ages since David was inspired to write this beautiful Psalm

On Saturday last Mr. John T. Oliver started out from Bethlehem church driving a mule which from some cause became unmanageable and ran away throwing Mr. Oliver out of his buggy and his head striking a tree he was rendered unconscious, he was taken home and attended by Dr. G. L. Morris, but never regained consciousness and on Sunday morning died. Mr. Oliver was one of the best farmers in this county, he was a man of fine business judgement, and usually made a success of what he undertook, He leaves a widow and one daughter.

We Are
Members of A. B. A.

Members of the American Bankers Association are protected by a world-wide detective service. Pursuit by this service of criminals who have robbed or defaulted member banks is so relentless that burglars have been known to return stolen money when they learned that the bank robbed was a member of the A. B. A. In one such case the returned money was accompanied by a note in which the burglar asked, "Why didn't you hang your membership sign where I could see it?"

There are, of course, other advantages in A. B. A. membership, but thisone should be of interest to our customers and prospective customers

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day . . . I decided to

TAKE CARDUI
The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain . . .

"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Tire Prices
Some False Ideas About Them

Should an extra price buy an extra grade tire?

It should not. Any first-grade tire should be built as well as a tire of that type can be built.

Cord Tires cost more than Fabrics, and are worth extra price. Men who figure cost per mile are coming to Cord Tires.

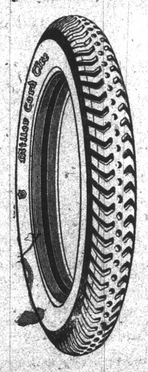
But any tire, Cord or Fabric, should be built for the utmost service which that type can give.

Some Men Over-Pay

Some men pay extra prices, expecting extra mileage. Some pay under prices for an under-grade, and hope to save in that way.

Both are wrong. There may be exceptions—there are always freak tires. But countless tests have proved that Miller Tires at Miller prices, on the average, give the lowest cost per mile.

And Miller Tires, both Cord and Fabric, cost about the standard prices.



Tread Patented
Center tread smooth with suction cup, for firm hold on wet asphalt. *Geared-to-the-road* side treads mesh like cogs in dirt.

We Insist on This

There are three requirements which Miller Tires must meet.

First, they must average greater mileage, type for type, than any rival tire.

We constantly prove this. Eight machines in our factory run two tires each under rear-tire conditions. Each tire is run 650 miles daily by running extra-fast.

Won Over 21 Makes
The Eldorado Stage Co. of Los Angeles tested 21 other makes against Millers on 12-passenger Packard Buses, weighing 8,600 pounds loaded. In this supreme test Millers won by long odds, on long-distance uniformity.

Here we constantly compare the best other tires with Millers. Also in ceaseless road tests. Thus, day by day and week by week, we are guarding the Miller supremacy.

Every Tire Signed

We insist that Millers must be uniform. Each tire is signed. A record is kept of the maker, the inspector and the process.

If a tire comes back for adjustment we learn the reason. If the workman is at fault he is penalized. If the inspector overlooked a flaw he is held responsible. If any process or material is at fault, we correct it.

After years of this checking we've attained uniform tires. There are whole large cities from which not a Miller Tire came back last year.

Treads Must Endure

Miller Treads, by our standard, must outwear the balance of the tire.

We have attained a tread which outwears rivals by 25 per cent.

Every day our tread stock is vulcanized, then tested, in our laboratory. We permit no variation.

Not a single Miller Tire with these new-grade treads has ever come back with the tread gone.

Not 20,000 Miles

Countless reports come to us on Miller Cord Tires showing 20,000 to 28,000 miles of service. And tales of that kind are told everywhere, we learn.

But mileage depends on conditions—on size, care, load and road. Millers are uniform, but they are not used under uniform conditions.

In our factory tests we average 15,000 miles on Cords.

But a Miller Tire will outlast—almost always—any tire that you place opposite, no matter what it costs. Compare them under like conditions, and see what mileage modern tires can give.

You will gain a new criterion.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.
